Whistler is nestled in the majestic Coast Mountains of British Columbia, just a two-hour drive from Vancouver along the awe-inspiring Sea to Sky Highway. It is both an international mountain sports mecca and a down-to-earth mountain town that is renowned for delivering thrill straight to the soul.

Whistler is located in the heart of British Columbia's spectacular Coast Mountains and is a global epicentre for action sports. Rising up from its village are Whistler and Blackcomb, North America's two largest, side-by-side ski mountains spanned at their summits by the world record-breaking PEAK 2 PEAK Gondola. Together they offer an enormous alpine playground, drawing hikers, skiers and mountain bikers in search of mind-blowing terrain. Massive glaciers, volcanic peaks, alpine meadows and ancient ridgelines stimulate the senses on foot, skis or by bike.

In the valley's lower elevation, a coastal climate delivers a lush contrast to the rugged, volcanic landscape of the alpine. Emerald lakes, old-growth forests, waterfalls, beaches, parks and golf courses are all linked by a network of paved trails. Year-round, the place teems with life. Spring's warmth coaxing Whistler's famous black bears out of their hibernation. As the summer days turn bright and long, Whistler's trails erupt with wildflowers and its beaches beckon sun seekers. Fall brings a kaleidoscope of colour and a slower pace, waiting for winter's thick blanket of snow to cover every surface with magic. So, no matter when you visit, nature is set to inspire.

Whistler's vibrant village is a gathering place and hub for this youthful community. Here, in its pedestrian-only streets, quaint shops and bistros mingle with boutiques and fine-dining restaurants. Therapeutic spas and Indigenous cultural centres converge with lively après bars and poutine stands. The magic of Whistler Village is in these dynamic cultural experiences, making every moment unique.

Whistler isn't just a place. It's a lifestyle. It's a mindset based on living life to its fullest and protecting what matters.
