PHOTO MIKE CRANE

Whistler is a world-class ski resort with a wealth of high-end experiences, top quality snow, luxurious accommodation, a stunning snow-covered village packed with unique winter activities and an enviable fine dining and nightlife scene. These are the foundations of a 5-star vacation.

DAY 1

Transport:

The magical journey to Whistler starts as you travel along the scenic Sea-to-Sky Highway. Admire the panoramic views as you travel via luxury private transfer, either by road or air in your own private helicopter.

Morning:

Once you arrive in Whistler, drop your bags off at your hotel and head out into the pedestrian-only village stroll. With over 200 shops, over 90 restaurants, cafes, and bars, you will find everything you need just steps from your accommodation.

Afternoon:

Imagine sliding down the world's fastest ice track in a bobsleigh, one of Whistler's most unique activities at **Whistler Sliding Centre!** No previous experience is required. Participants slide in a real 4-person bobsleigh, driven by a trained pilot. Teams race through ten twists and turns at speeds of 125+ km/hr and feel the acceleration of up to 4 g-forces.

DAY 2

Morning:

Discover an endless backcountry alpine experience with zero lift lines: **heli-skiing** is the ultimate ski or snowboard experience. All tours include transportation to and from the Whistler base, lunch, avalanche safety equipment and experienced guides to take you on your adventure. Suitable for experienced skiers and riders.

Have you ever wondered what it would be like to **ski or snowboard with an Olympian**? Follow in their tracks, copy their technique or hear their stories? Wonder no longer with Snow School's most exclusive program. Spend the day learning from an Olympian or Gold Medalist on a full day private session.

Afternoon:

Indulge in the age-old fashioned tradition of soaking in soothing outdoor baths at Whistler's most unique spa - **Scandinave Spa**. Enjoy rustic elegance with majestic scenery in a tranquil and secluded setting. Start with a soothing eucalyptus steam bath or wood-burning sauna, then cool off with a quick plunge in a cold bath or Nordic waterfall.
